

Spring 2,

2019

Dear Parents and Carers,

## Science Fairs

We are once again holding our Science Fairs next week. The theme of our Science Fairs will be 'The Human Body' and we hope you come along and share in your child's learning.

The Key Stage 1 Science Fair will take place on **Tuesday, February 5<sup>th</sup> straight after school.**

The Key Stage 2 Science Fair will take place on **Thursday, February 7<sup>th</sup> straight after school.**

**Please remember, you will need to collect your child from the Sports Hall even if you are not staying for the fair.**

We will once again be holding our Science Competition, However, this year it will be an 'In-Fair' competition.

This will be a challenge for you and your child to be working as a team, going head to head with other teams.

This will be fun, exciting, and against the clock!

So if you think you can be the Pilsley Champs, then come and have a go!

The winners of the competition will be the team that can place the organs in the correct place the quickest. Handy Tip! – You might want to research where the Human Organs are in the body.

The winners in each fair will receive a science-based prize.

## Water Warning!

We received a letter about work starting on the water pipes in the road on Monday informing us of a likely 4<sup>th</sup> February start date. They then started today! Obviously, this is going to cause some disruption at the front of school for people walking to school and those that arrive by car. We would ask for your patience over the next week or so as, unfortunately, this is beyond our control.

Though we have been reassured there will only be intermittent loss of water please be aware that the school will have to close **if** we do lose water for any extended period due to health and safety rules around toileting.

## Dates for 2019

4<sup>th</sup> February- Science Week
